FOR IMMEDIATE RELEASE

2020 CRUISIN' ON MAIN STREET POSTPONES 20TH ANNIVERSARY YEAR

MANCHESTER, CT- These are unprecedented and difficult times for all. After several weeks of consultation with local and state authorities, the Cruisin' on Main Street Planning Committee has made the difficult decision to postpone "Cruisin' on Main Street 2020" due to the ongoing pandemic. We are heartbroken; however, the health and safety of our audience, sponsors and vendors, car enthusiasts, first responders, staff and volunteers are of the utmost importance to us. We felt that this was the only acceptable way forward.

We would like to express the Cruisin' on Main Street Committee's deep appreciation for the community-wide commitment to Cruisin' displayed by our sponsors, show car owners, vendors, volunteers, Downtown businesses, Town Departments and of course, our wonderful event attendees. They have allowed us to host an amazing event each year and provide local charities, non-profits and service organizations with generous donations through the Cruisin' Mini Grant Program. These donations have made Manchester a better place to live and benefited many individuals.

We have immediately begun planning for celebrating our 20th Cruisin' on Main in 2021. In the meantime, we plan to keep the Cruisin' spirit alive with commemorative and virtual events. Please check our website www.cruisinonmainstreet.org and social media where we will be updating content regularly. Mark your calendar for our 2021 Cruisin' date: Sunday, August 1, 2021!
